

# MEDICARE PART D

Major changes to help you pay less for prescriptions in 2025!

Susan is preparing to re-enroll her mom in Medicare Part D for the new year. And in 2025, changes to the plan could help her save money.

Good news! In 2025, the maximum out-of-pocket cost **WILL NOT EXCEED**

**\$2,000**

What's new with **MEDICARE PART D**?

Hi there! I can walk you through what's changed.

Remember that Open Enrollment for Medicare Part D occurs from **OCTOBER 15TH** to **DECEMBER 7TH** for the next year.

Once someone is enrolled in Medicare Part D, they can sign up for the **NEW** Medicare Prescription Payment Plan (MPPP).

## QUICK TIP:

It's important that you understand if and how your medications are covered! Talk to your insurance provider to learn more about your plan.

Introducing the...  
**MEDICARE PRESCRIPTION PAYMENT PLAN!**

Beginning in 2025, the maximum **\$2,000** out-of-pocket **COST CAN BE SPREAD ACROSS THE YEAR** with the Medicare Prescription Payment Plan (MPPP).

This opportunity is not income based!

It **MAY BE MOST BENEFICIAL** for someone to sign up during Open Enrollment or at the start of 2025.

Spreading costs throughout the year may help people manage their expenses.

And those with limited assets may qualify for Extra Help, a low-income subsidy program.

**QUICK TIP:**

You will not be automatically enrolled in the MPPP, so remember to sign up!
